- 1.2. Put up signs to remind employees and customers to observe all SMMs in place at all times.
- 1.3. Implement a detailed monitoring plan to ensure compliance with SMMs and that issues are resolved in a timely manner (e.g. remedy of non-compliance, risk mitigation).
- 1.4. Appoint Safe Management Officer(s) (SMO) to assist in the implementation, coordination and monitoring of the system of SMMs at the premises. Duties of the SMO include the training of other employees to engage customers to comply with SMMs, conducting inspections and checks to ensure that SMMs are complied with at all times; and keeping records of the checks which may be requested by the authorities. Where non-compliance of SMMs are found during the inspections, the SMO will also remedy the non-compliance with immediate action.
- 1.5. Implement a follow-up plan with precautionary measures in the event of a confirmed case, including immediately vacating the premises where the confirmed case had worked and thorough cleaning and disinfecting all relevant on-site areas and assets that were exposed to confirmed cases, in accordance with National Environment Agency (NEA) guidelines found at <https://www.nea.gov.sg/our-services/public-cleanliness/environmental-cleaning-guidelines>.
- 1.6. In the event of a confirmed case among the employees or customers, the operator must inform Police Licensing & Regulatory Department (PLRD) immediately and temporarily suspend all operations. All employees who had been in close contact with the confirmed case shall be placed on Leave of Absence for 14 days (if not already issued with a Quarantine Order by MOH).
- 1.7. PE venues that provide food and beverages (F&B) must ensure that its F&B operations form only an ancillary component of the business operations (i.e. primary activity is to provide PE), and these F&B activities occur within a separate section of the premises.
